EDUCATION

SCOE — Savitribai Phule University

05 2024 – 05 2028

Artificial Intelligence And Data Science - **CGPA - 8.41**

Pune, India

TECHNICAL SKILLS

Languages: Python, C++, JavaScript, SQL

CS Fundamentals: Data Structures & Algorithms, OOP, Computer Networks, System Design

AI/ML: Machine Learning, Deep Learning, NLP, LLMs, PyTorch, Scikit-learn

Frameworks: React, FastAPI, spaCy

Data: Pandas, NumPy, MySQL, PostgreSQL, MongoDB

Cloud: AWS (EC2, S3, IAM, SageMaker, Lambda, CloudWatch)

AI Development: GitHub Copilot, AI-assisted Software Development

Tools: Git, GitHub, Hugging Face, Docker, Kubernetes

PROJECTS

Stock Price Prediction using LSTM 🌐 GitHub

12 Apr 2026

- Developed and evaluated an LSTM-based time-series model to forecast stock prices from historical market data.
- Implemented data preprocessing, MinMax scaling, and sequence generation using Python, PyTorch, Pandas, and Yahoo Finance API.
- Optimized via hyperparameter tuning, achieving **94% prediction accuracy** and low RMSE.

Customer Churn Prediction 🌐 GitHub

29 Apr 2026

- Developed and evaluated ML models for customer churn prediction using structured customer datasets.
- Used Python, Pandas, Scikit-learn, and Matplotlib for data cleaning, EDA, feature engineering, and training Random Forest, XGBoost, and Logistic Regression models.
- Optimized via feature tuning and cross-validation, achieving **95% accuracy** and an **F1-score of 0.93**.

AI Resume Analyzer 🌐 GitHub

17 May 2026

- Developed an AI-powered resume analysis application to extract candidate information, evaluate skills, and match resumes against job descriptions.
- Built the application using React, FastAPI, spaCy, Scikit-learn, TF-IDF, and PDF parsing for NLP-based classification and recommendation.
- Optimized ranking algorithms and preprocessing, achieving a **92% matching accuracy** and an **F1-score of 0.90**.

CERTIFICATIONS & ACHIEVEMENTS

- Microsoft Certified: Fabric Analytics Engineer Associate (DP-700)** | Microsoft | 2026 | [Link](#)
- AWS Certified Machine Learning Engineer Associate (MLA-C01)** | AWS | 2026 | [Link](#)
- Data Science Essentials with Python** | Cisco | 2026 | [Link](#)
- Competitive Programming & Leadership**
 - Solved **500+** DSA problems across LeetCode & Codeforces with a **1500+** LeetCode rating.
 - Participated in **10+** national-level hackathons, building AI and data-driven software solutions.
- Training & Placement Coordinator:** Coordinating placement activities, training programs, and student communication.
- Team Leadership:** Led technical projects and hackathon teams, driving successful project delivery through effective task allocation.
